Quick Install Guide (Windows)

Install EyeRise Iridology Studio™ in 4 simple steps

---

1. Download the Software

- Click the download link provided after purchase

- Save the ZIP file to your Desktop or Documents

---

2. Extract the Folder

- Right-click the ZIP file

- Choose **Extract All…**

- Open the extracted folder:

`EyeRiseIridology_???`

---

3. Start the App

Inside the folder, **double-click**:

`run_app.bat`

This will:

- Open a black window (keep it open!)

- Launch the software in your web browser automatically

If it does not open automatically, go to:

```
http://127.0.0.1:5000
```

---

4. Activate Your License

On first launch:

- Enter the **license key** you received by email

- Click **Activate**

- Your software unlocks on this computer

🔧 System Requirements

- Windows 10 or 11

- Python 3.10+ installed

- 4 GB RAM (8 GB recommended)

- A modern web browser (Chrome, Edge, Firefox)

❗ Common Tips

- Do **not** delete or rename any files in the folder

- Do **not** close the black window while using EyeRise

- Each license is valid on **one computer**

- For Student Edition, exam/client limits apply
